

SAF AIR SPRINGS

SAF Air springs with steel piston

Information:

- High quality and performance
- ISO 9001 certification
- Good stability in extreme applications
- Manufactured by the most modern production processes
- All SAF air springs undergo an internal service life test on the hydrolpulser

Part number	Air spring type	Mounting kit
02 229 0002 00	SAF 2918	03 044 1032 00

SAF AIR SPRINGS

SAF Air springs with plastic piston

Information:

- High quality and performance
- ISO 9001 certification
- Weight saving due to plastic piston
- Manufactured by the most modern production processes
- All SAF air springs undergo an internal service life test on the hydropulser

Part number	Air spring type	Mounting kit
03 228 0040 00	SAF 2618IL	-
03 228 0048 00	SAF 3138	-
