

SAF-O-METER

SAF New design for our SAF-O-METERS!

Information:

- Accurate and reliable distance recording
- Compact and tamper-proof, slim version
- Sealed structure against condensate accumulation
- Accurate fuel consumption calculation
- Datasheet available on request

Part number	Tyre example	Rolling circumference area (mm)
04 388 0241 01	245/70R 17,5" - 235/75R 17,5"	2410 (2360 - 2455)
04 388 0264 01	265/70R 19,5"	2640 (2590 - 2690)
04 388 0271 01	445/45R 19,5"	2710 (2655 - 2765)
04 388 0291 01	425/55R 19,5"	2910 (2850 - 2970)
04 388 0304 01	385/55R 22,5"	3040 (2979 - 3100)
04 388 0319 01	11R 22,5" / 295/80R 22,5"	3190 (3125 - 3250)
04 388 0325 01	385/65R 22,5"	3250 (3185 - 3315)
04 388 0349 01	425/65R 22,5"	3490 (3420 - 3560)

The hub cap suitable for the SAF-O-Meters is available under part number 03 304 0103 02.

HUBODOMETER

SAF  New design for our hubodometers!

Information:

- Accurate and reliable distance recording
- Compact and tamper-proof, slim version
- Sealed structure against condensate accumulation
- Accurate fuel consumption calculation
- Available for all conventional tyre sizes from 15" to 24"
- Datasheet available on request

Part number	Rolling circumference area (mm)
662 025 014	2355 (2325 - 2400)
662 025 005	2500 (2450 - 2550)
662 025 013	2551 (2500 - 2600)
662 025 012	2727 (2675 - 2775)
662 025 011	2783 (2750 - 2825)
662 025 010	2915 (2875 - 2975)
662 025 009	3061 (3000 - 3125)
662 025 003	3158 (3100 - 3200)
662 025 000	3333 (3275 - 3400)
662 025 002	3401 (3350 - 3450)
662 025 015	3740

The hub cap suitable for the hubodometers is available under part number 03 304 0103 02.
