

HOLLAND Fifth Wheels

Retirement of FW67/69 Series Air Elevating Fifth Wheel Assemblies

Attention

This product retirement notice applies to all HOLLAND FW67 and FW69 series air bag elevating fifth wheels.

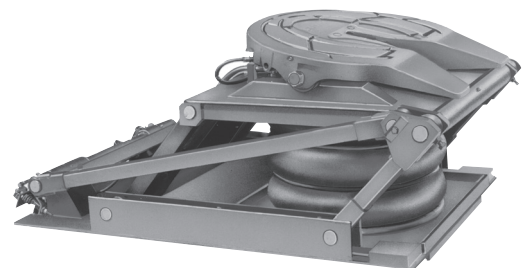

Effective June 1, 2018, SAF-HOLLAND will retire the FW67 and FW69 series air bag elevating fifth wheel assemblies.

Due to production issues, open orders for FW67 and FW69 assemblies will not be fulfilled. Service parts will be available through SAF-HOLLAND aftermarket.

Customers seeking an elevating fifth wheel assembly should consider the FW2800/2900 hydraulic elevating fifth wheel as an alternative.

If you have any questions or require additional product assistance, please contact your account manager or customer service representative.

Discontinued Effective June 1, 2018 FW67/69 Air Elevating Fifth Wheel Series

Alternative Model Offering FW2800/2900 Hydraulic Elevating Fifth Wheel Series
