

## Change of part number in the aftermarket

As part of our ongoing product maintenance, we are changing the part number for the disc brake pad set in SAF-HOLLAND's aftermarket range. The previous part number 3 057 0006 **00** with OE pad quality is being replaced by the new part number 3 057 0006 **02** (SAF597, OE).

The transition date is March 16, 2026.
