

SAF® Ball Race Turntables

Product Change Notice for SAF-HOLLAND Ball Race Turntables

Effective: August 2021

Attention

All SAF-HOLLAND ball race turntables will be equipped with a single row grease zerk pattern (6 grease zerks in total). The double row grease zerk option (12 grease zerks) is no longer available. The single row grease pattern is approved for all applications that the double row pattern was available on and will not affect the form, fit, or function of the ball race turn table. Existing orders for the double row design will be superseded and replaced by the single row design.
