

SAF® CBX40 Slider Suspension/Axle Assembly

Retirement Notice for CBX40 Slider Air Suspension

Effective: March 1, 2022

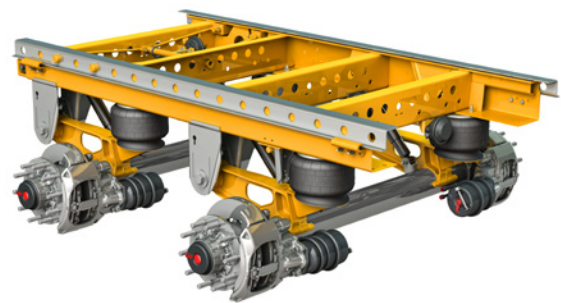

Attention

SAF-HOLLAND will no longer be offering the CBX40 tandem axle slider air suspension which has been superseded (replaced) by the CBXA40 AeroBeam™ tandem slider air suspension. All current OEM customers have converted over to the new CBXA40 AeroBeam™ suspensions with new upper level BOM/part numbers for new OEM production. Any remaining upper level production BOM's will be discontinued.

Aftermarket parts for the CBX40 slider air suspension system will still be available for seven years from our Aftermarket parts group. Service components for the CBX40 such as the air spring, shock absorber and equalizing beam/axle assembly are not interchangeable with the new CBXA40 AeroBeam™ suspension.

Please contact your SAF-HOLLAND Sale Representative or Customer service for more information. Visit CBX40.com for more detailed product specifications and features/benefits.

CBX40 (FUSION BEAM) SUSPENSION
Retired March 1, 2022

Replaced by

CBXA40 AEROBEAM™ SUSPENSION
New Tandem Slider Air Suspension
