# AUTO PIN RELEASE SYSTEM

**AIRRelease** SYSTEM  
PNEUMATIC PIN RELEASE FOR  
FOR HOLLAND TRAILER  
SUSPENSION/SLIDER SYSTEMS

# CB4000 & ULTRALITE AirRelease™

## BETTER BY DESIGN

Holland's new AirRelease is a simpler pneumatic pin-pull system that operates the core components of Holland's proven QwikRelease mechanical pin pull.

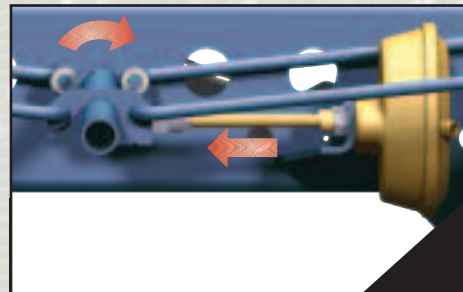

## KEY DESIGN FEATURES

- Fewer working parts than competitive models
- Accessible switch and pneumatics
- Push-to-Connect hose connections for installation ease
- Easily serviced
- Pins can be mechanically released in the event of an air-down situation

Reference CB4000 configuration sheet XL-AR450, for ordering instructions.

Driver friendly, easily accessible pull switch.

Simple air chamber activation.
