

## SAF® Air Suspensions

### Retirement Notice for SAF RL & RLU Trailer Air Suspension Models

#### Attention

SAF-HOLLAND® is announcing the discontinuation of all SAF RL and RLU trailer air suspension products for both OEM and Aftermarket customers.

This move is to further consolidate and streamline our assembly operations and move customers to our CBX/CBXu air suspension systems product line wherever possible.

#### Effective

February 1<sup>st</sup>, 2020 - No new orders will be accepted.

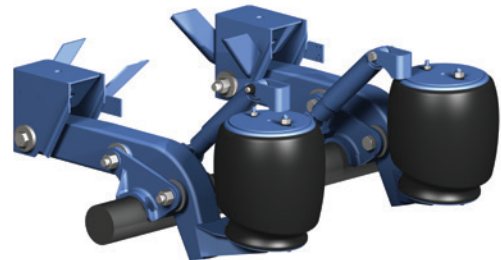

March 31<sup>st</sup>, 2020 - SAF-HOLLAND will cease production.

Service parts will be available through the SAF-HOLLAND Aftermarket for a limited time.

The SAF-HOLLAND sales team is communicating with customers who currently specify the RL and RLU air suspension models concerning the retirement of the products.

If you have any questions or require additional product assistance, please contact your account manager or customer service representative.
