

HOLLAND® Landing Gear Crank Handles Crank Handle Warning Decal: XL-LG20006DC-en-US

Please Note:

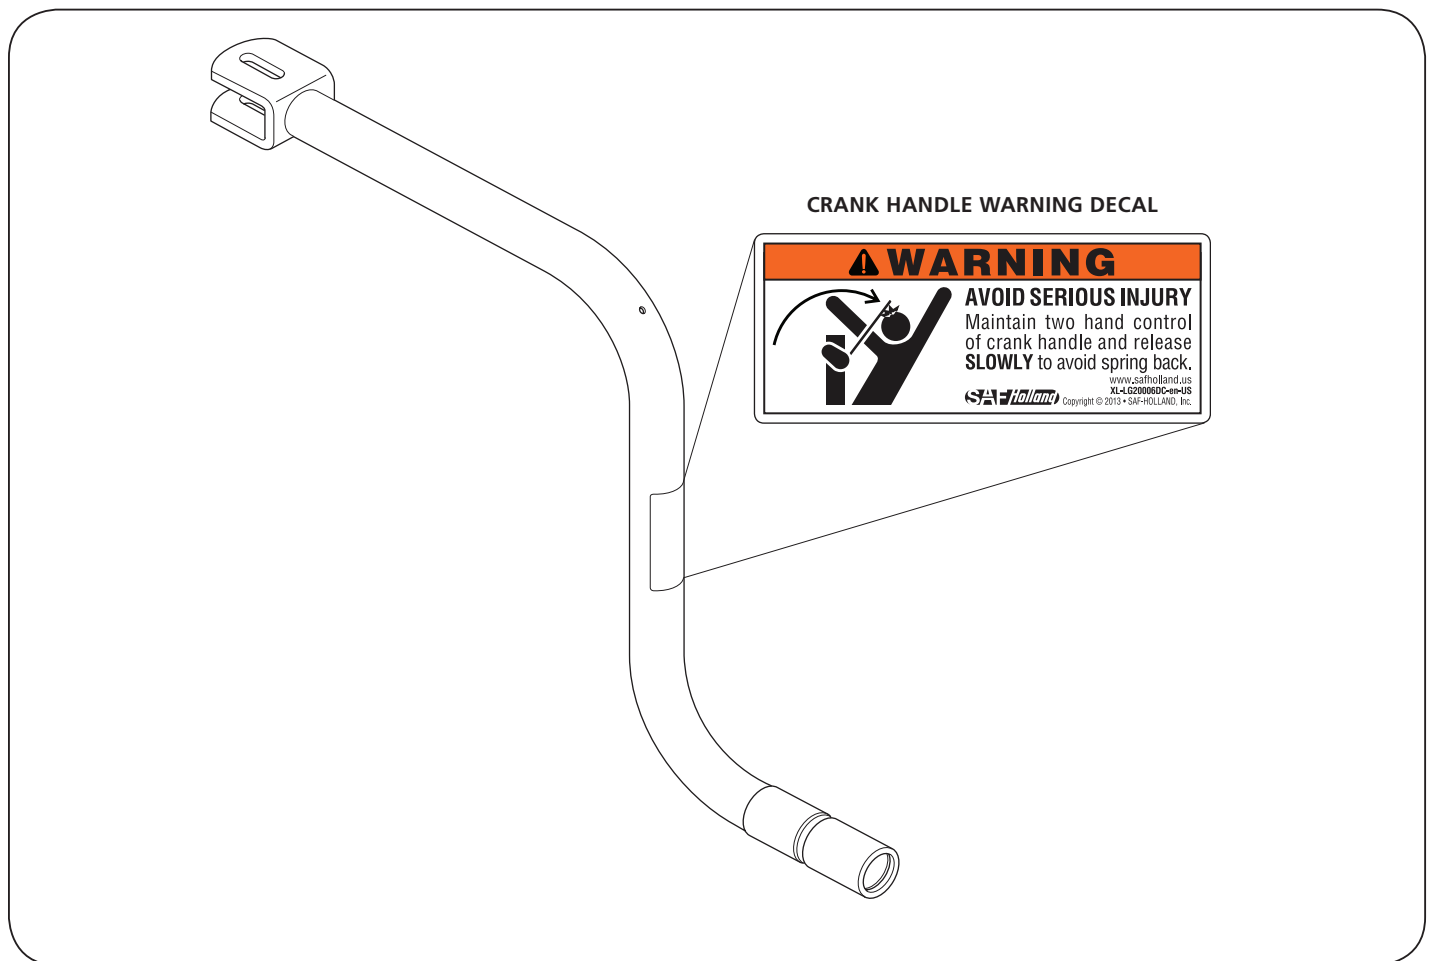

Starting with shipments in November 2015, SAF-HOLLAND® will add a warning decal to all crank handles (**Figure 1**). As outlined in the installation, operations, and maintenance manual, XL-LG20004UM-en-US, Failure to maintain two hand control of handle and release slowly could cause spring back which, if not avoided could result in death or serious injury. This new label, located on the front face of the crank handle, provides a clear visual warning to the operator about the risks of unsafe use.

Decals have a pre-mask layer applied, which can be removed if a top coat is applied. Additional decals can be ordered through SAF-HOLLAND® customer service, 888-396-6501. Please reference part number XL-LG20006DC-en-US.

The decal will be provided on all current production LG models: Atlas 55, Atlas 65, Atlas iM, Atlas FastGear, Mark V, Mark V HD, and Classic.

Please contact your SAF-HOLLAND® sales representative for more information or to answer any questions you may have.

Figure 1

From fifth wheel rebuild kits to suspension bushing repair kits, SAF-HOLLAND Original Parts are the same quality components used in the original component assembly.

SAF-HOLLAND Original Parts are tested and designed to provide maximum performance and durability. Will-fits, look-alikes or, worse yet, counterfeit parts will only limit the performance potential and could possibly void SAF-HOLLAND's warranty. Always be sure to spec SAF-HOLLAND Original Parts when servicing your SAF-HOLLAND product.
