Holland provides one-source convenience by producing a variety of upper body slider rails for all applications with the same value and reliability fleets have come to expect from Holland suspensions.

SAF-HOLLAND has expert sales and engineering teams available to answer your questions. To contact one, please call: (888) 396-6501.

SLOA1480 Upper Body Slider Rails with 4" pin spacing increments for 1-5/8" diameter pins: provide fleets flexibility when positioning their suspension sliders.

From fifth wheel rebuild kits to suspension bushing repair kits, SAF-HOLLAND Original Parts are the same quality components used in the original component assembly. SAF-HOLLAND Original Parts are tested and designed to provide maximum performance and durability. Will-fits, look-alikes or, worse yet, counterfeit parts will only limit the performance potential and could possibly void SAF-HOLLAND's warranty.

Always be sure to spec SAF-HOLLAND Original Parts when servicing your SAF-HOLLAND product.
