SAF-HOLLAND's Commitment

We warrant all HOLLAND Atlas 55, Atlas iM, MARK V and FASTGEAR Landing Gear equipped with cushion foot, heavy-duty bearing and NoLube features, manufactured after January 1, 2014, when properly installed on your vehicle and maintained and operated in accordance with our requirements, as follows:

I. Materials & Workmanship:

II. Application Specific 10-Year Performance Guarantee:

In addition, when your HOLLAND Landing Gear is used in an approved application it will, for 10 years after the in-service date of the vehicle, operate as described in the corresponding Landing Gear Operation and Maintenance literature.

Performance Guarantee Approved Applications:

The Landing Gear must be subjected to normal use, service, and operation within rated capacities. Approved Applications exclude intermodal "pool" marine chassis, refuse hauler, and shunt yard applications.

SAF-HOLLAND will, at its option, cover the cost to repair or replace any Landing Gear or component needing replacement under the above warranty. Parts reimbursement is limited to the parts acquisition cost, not to exceed the suggested list price. Labor reimbursement is based on a published labor schedule in conjunction with local labor rates.

Your Responsibilities

You are responsible for proper installation, operation, and maintenance as specified in our applicable HOLLAND Landing Gear publications and for using the product in the approved application within rated capabilities.
