

FIFTH WHEELS

SLIDING FIFTH WHEEL AIR LINE KIT

RK-10700-C
Sliding Fifth Wheel Air Line Kit

CAUTION The RK-10700-C Air Line Kit has been specifically designed for use on sliding fifth wheels only and is not intended for use on any other application.

- Step 1**.....Make sure that the air supply to the fifth wheel and slide base is turned off.
- Step 2**.....Remove any masking that may be present on the bulkhead and union fittings.
- Step 3**.....Connect the coiled air line by pushing it into the union fitting as shown (**FIGURE 1**).
- Step 4**.....Connect the other end of the coiled air line by pushing it into the bulkhead fitting on the standoff as shown (**FIGURE 2**).

NOTE: If there are any undesired line interferences, there is an optional hole in the standoff that the bulkhead fitting can be mounted in.

- Step 5**.....Turn on the air supply to the fifth wheel and slide base; check for proper function.
